About Me

With over a decade of experience in interior design, I bring together my dual background in Graphic Design and Interior Design to create spaces that are elegant, functional, and deeply reflective of my clients' lifestyles.

I earned my degree in Interior Design from the Interior Designers Institute in Newport Beach and have had the privilege of working on high-end residential projects through every stage of design. What inspires me most is the belief that a thoughtfully designed home can enrich daily living, spark creativity, and provide lasting comfort.

Conceptual Design Phase

1. We document your space

2. We capture your input and desires

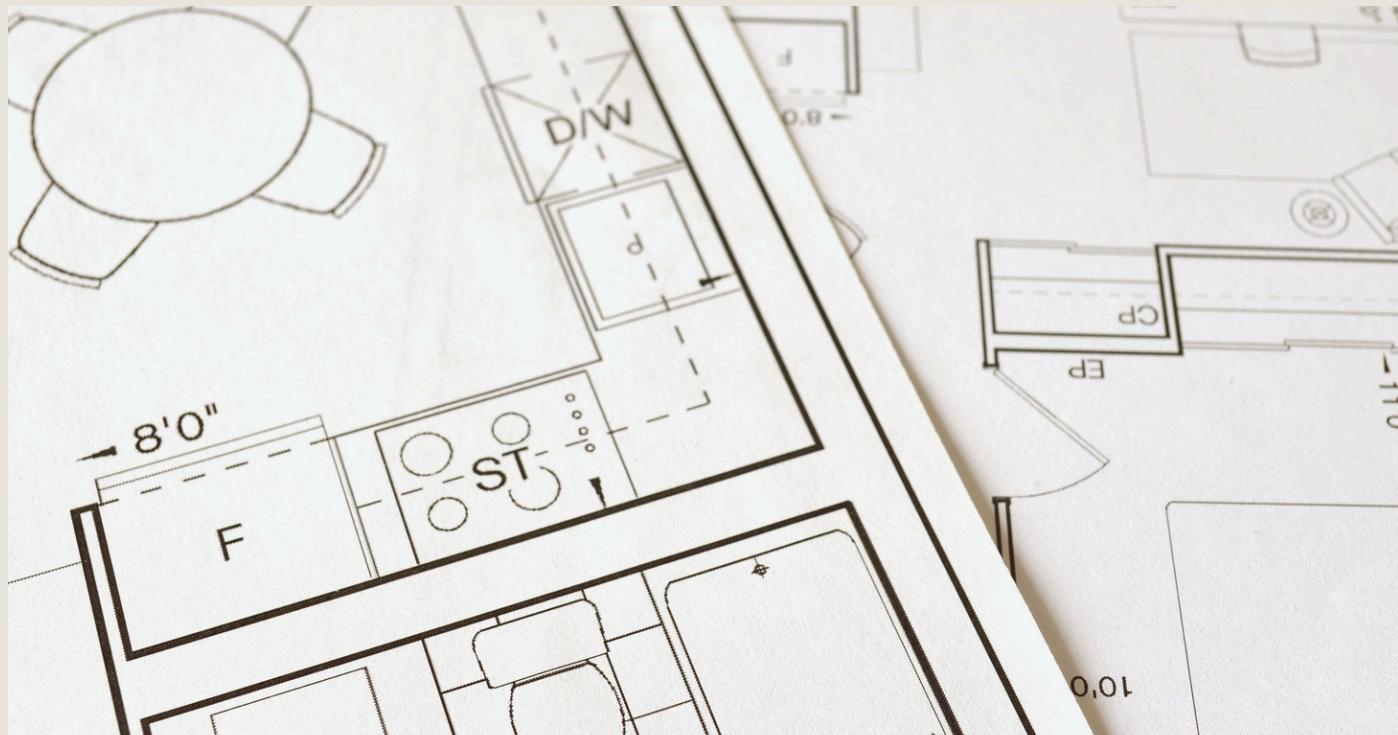

3. We gather inspiration images and envision your home from every angle

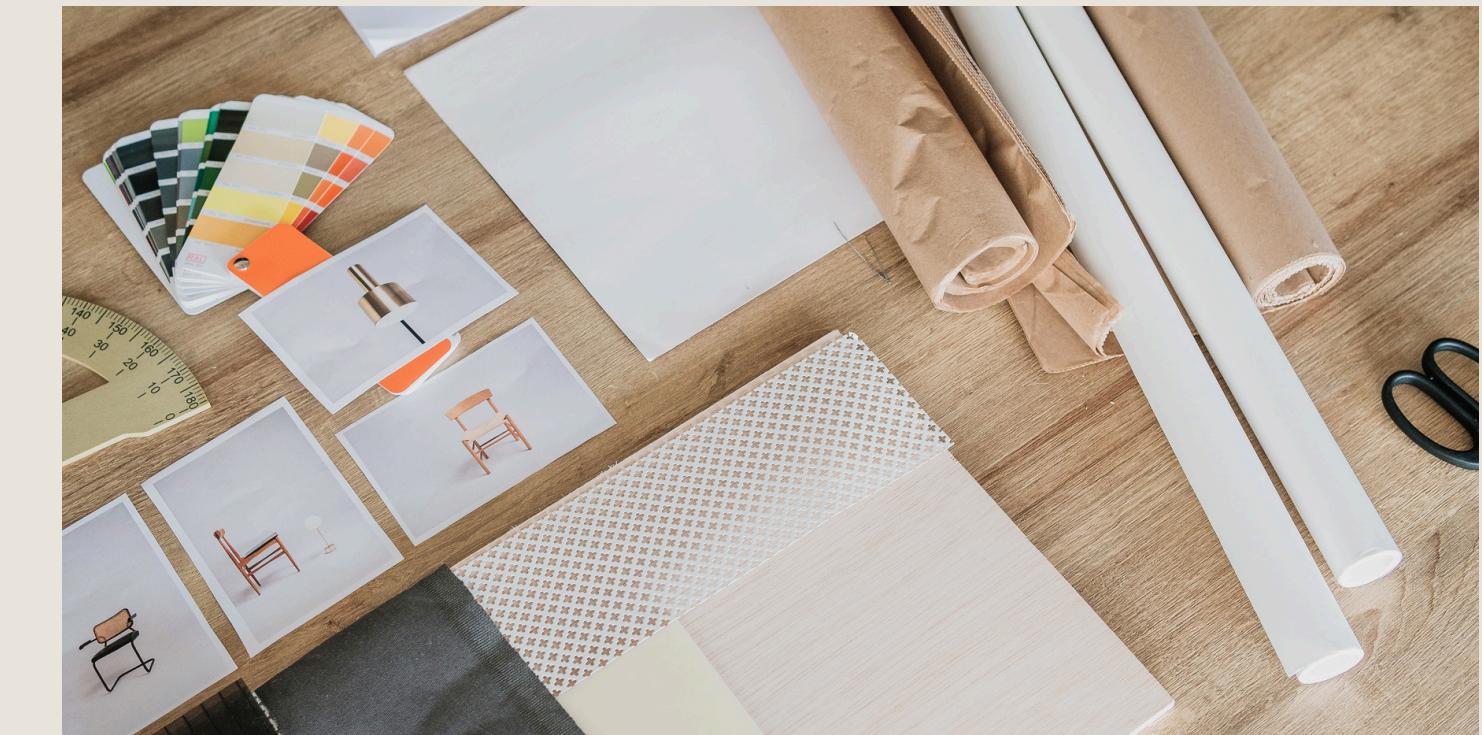

4. We conduct trade day to check feasibility and ballpark estimates

Conceptual Design Deliverables

Floor Plan

Inspiration boards

Furnishing investment estimate with line-item budget

Initial selection

The Conceptual Design Phase exists to confirm your scope, layout, investment estimate and aesthetic

We provide one round of revisions. We ask that you share all of your input at one time so that we can make edits as efficiently as possible. Revisions can add time to the project depending on the scale of the revision.

Detailed Design Phase

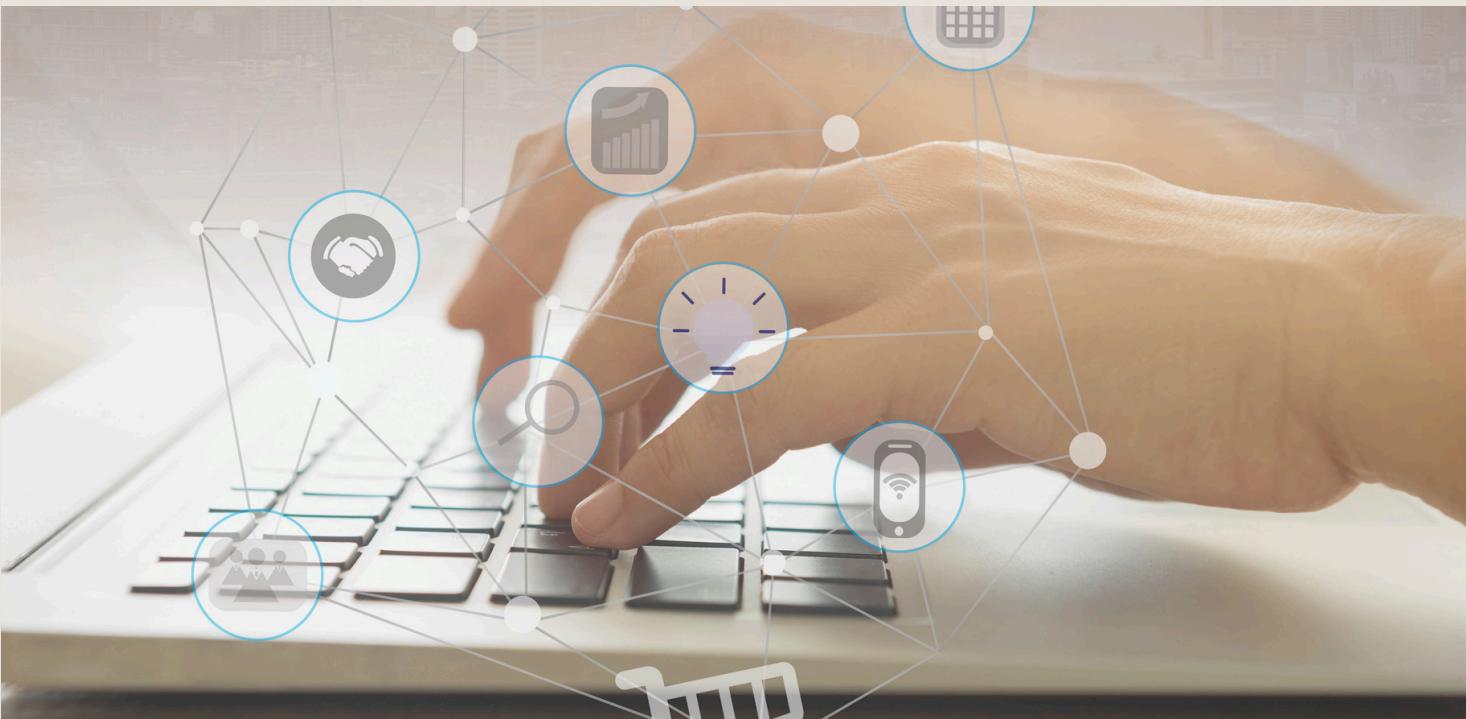

We source all furnishings

We procure written quotes and prepare
detailed proposals

Detailed Design Deliverables

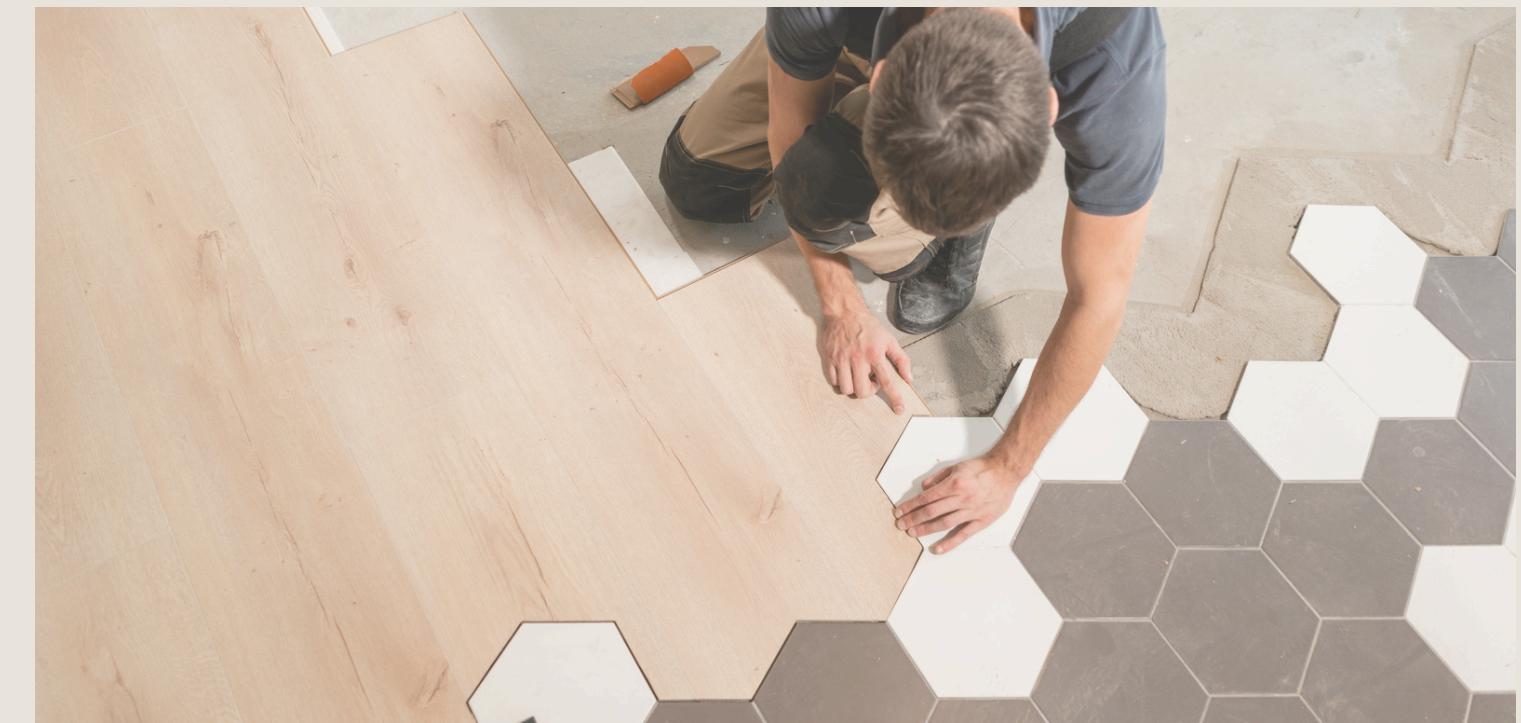

We communicate details with vendors and trades

We place orders, track deliveries and resolve deficiencies

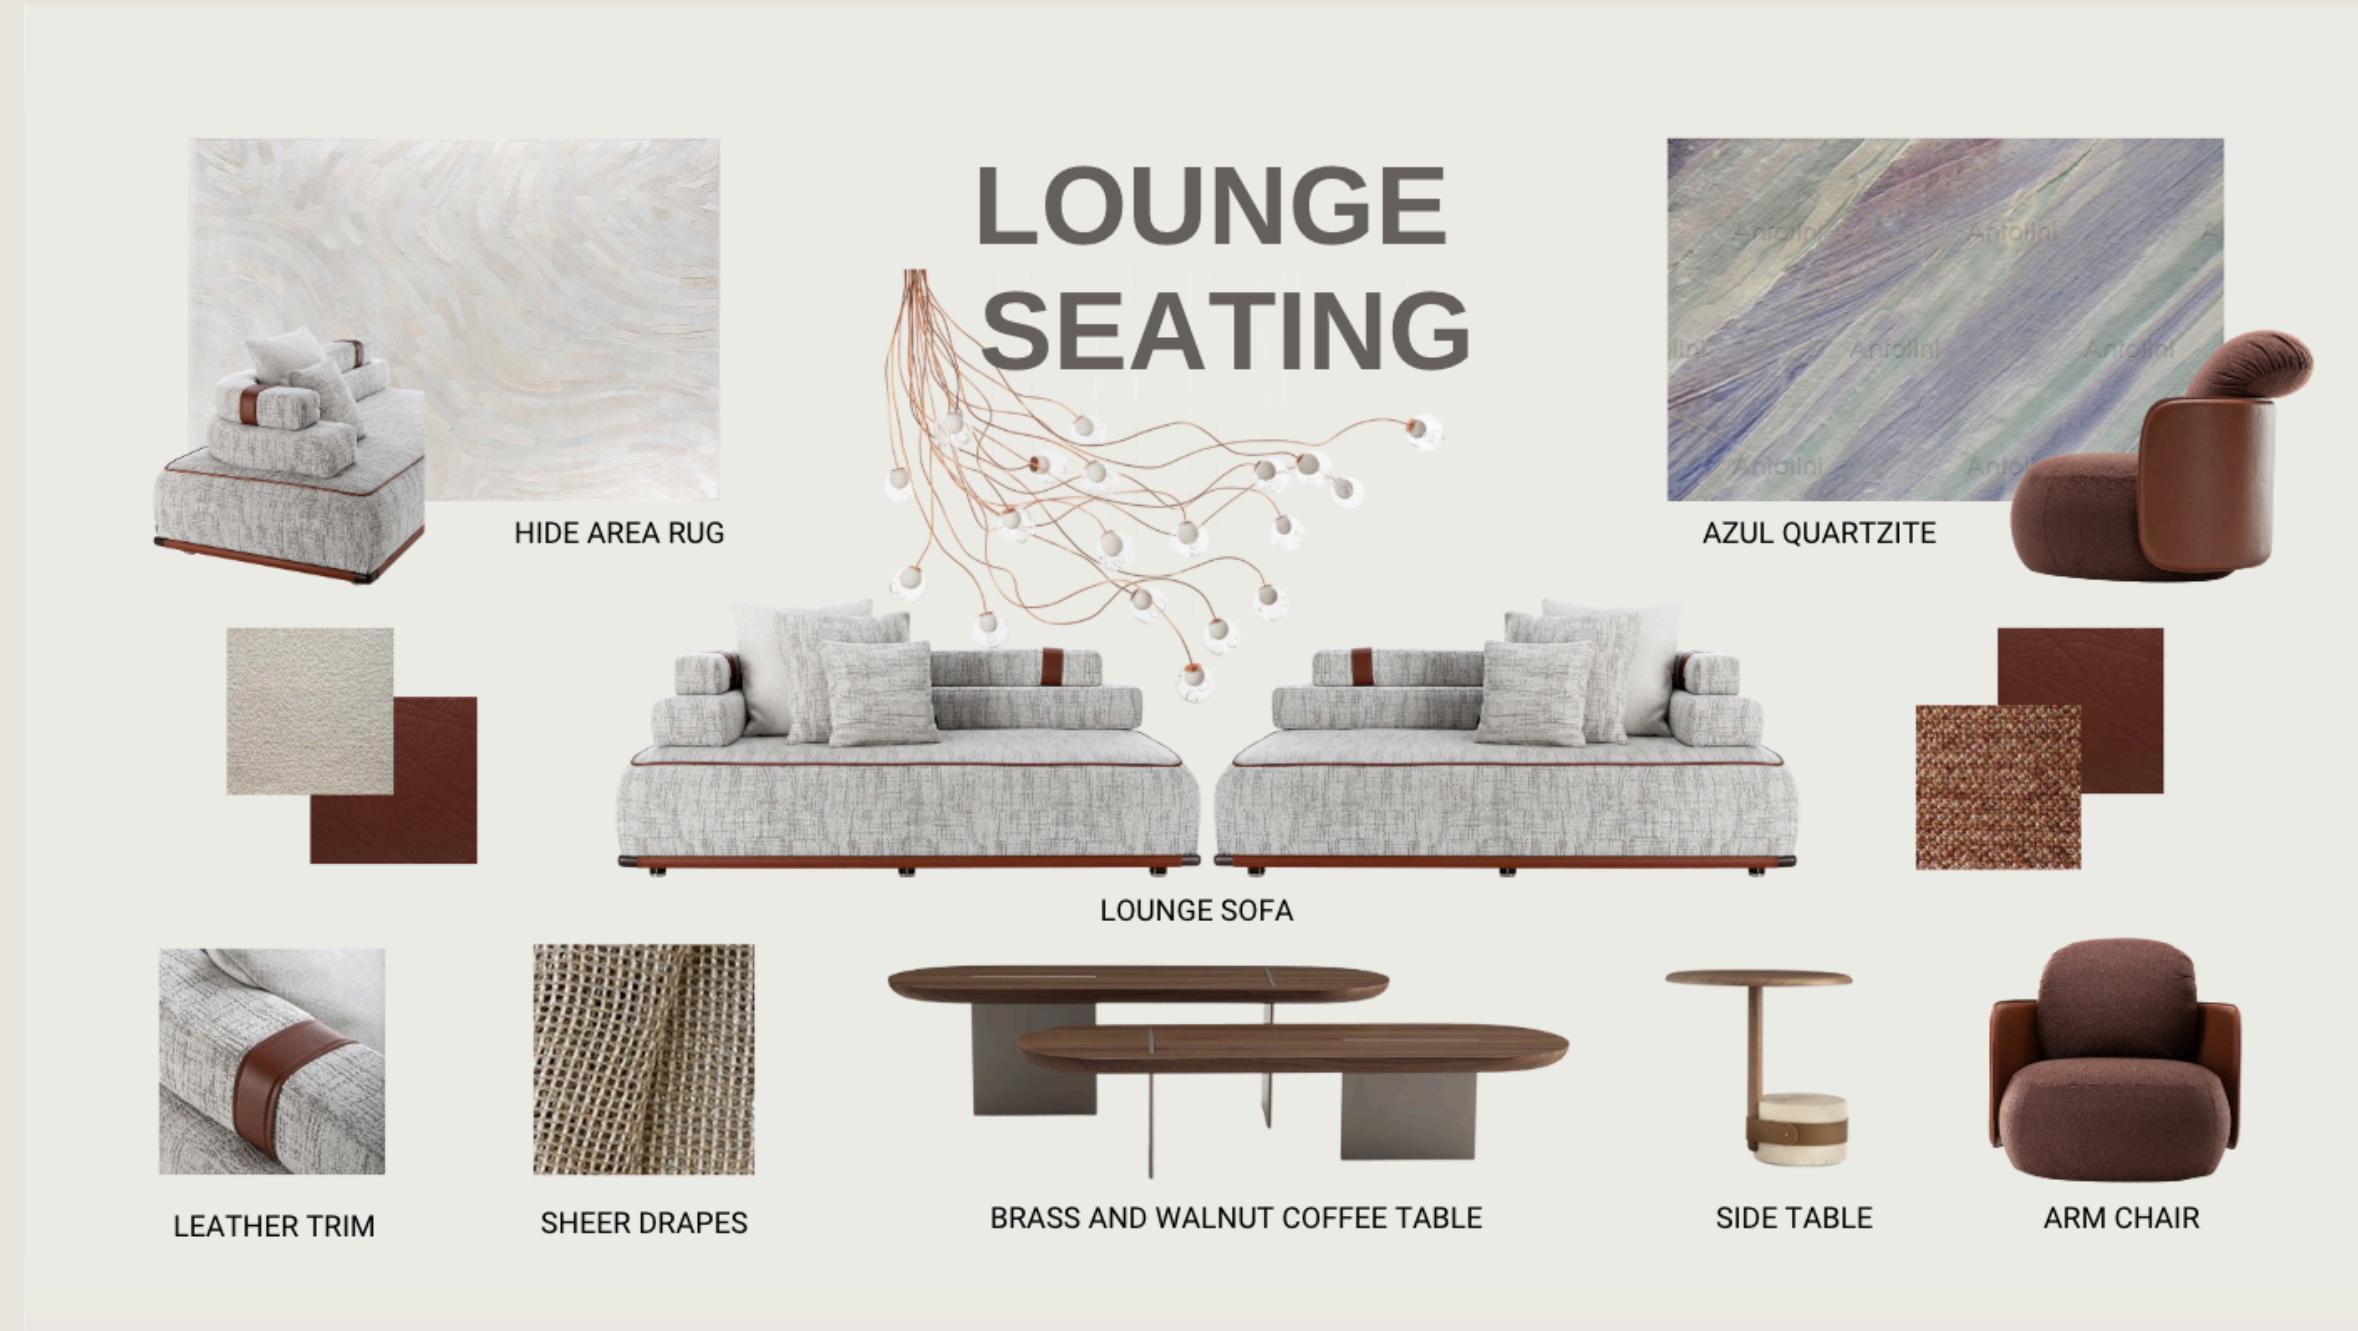

If the project requires a build or renovation, we offer project management

We oversee and coordinate installs and deliveries

The Detailed Design Phase exists to turn ideas into orders.

We'll present furnishings that are a fit for your budget, quality level and aesthetic using our industry knowledge and design expertise. We do not offer the ability for clients to see or sit test furnishings prior to purchase.

We provide one round of revisions.

We ask that you share all of your input at one time so that we can make edits as efficiently as possible. Revisions can add time to the project depending on the scale of the revision.

Purchasing and Execution

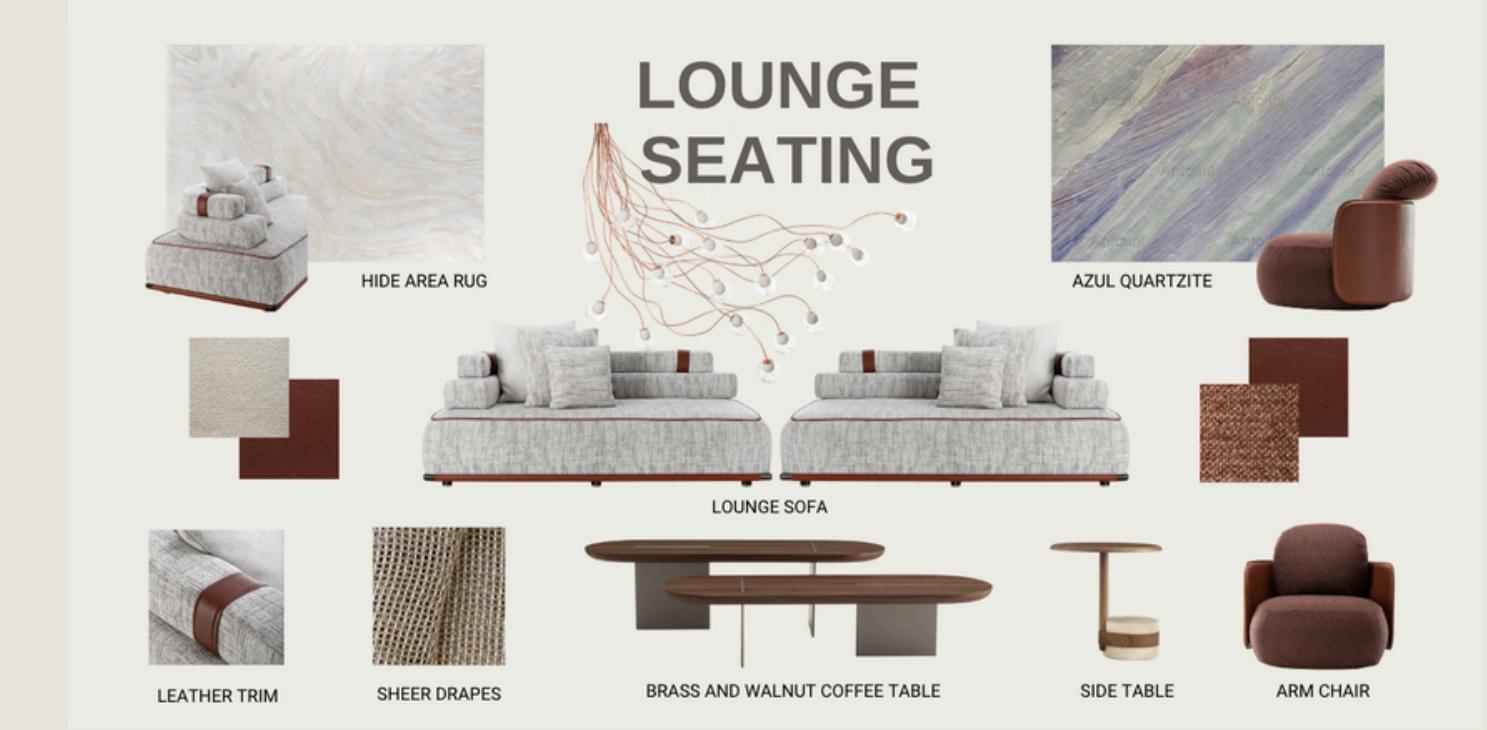

Timing is dependent on the scope of the project and the contractor's schedule

Floor plans and elevations

Each fabric and finish

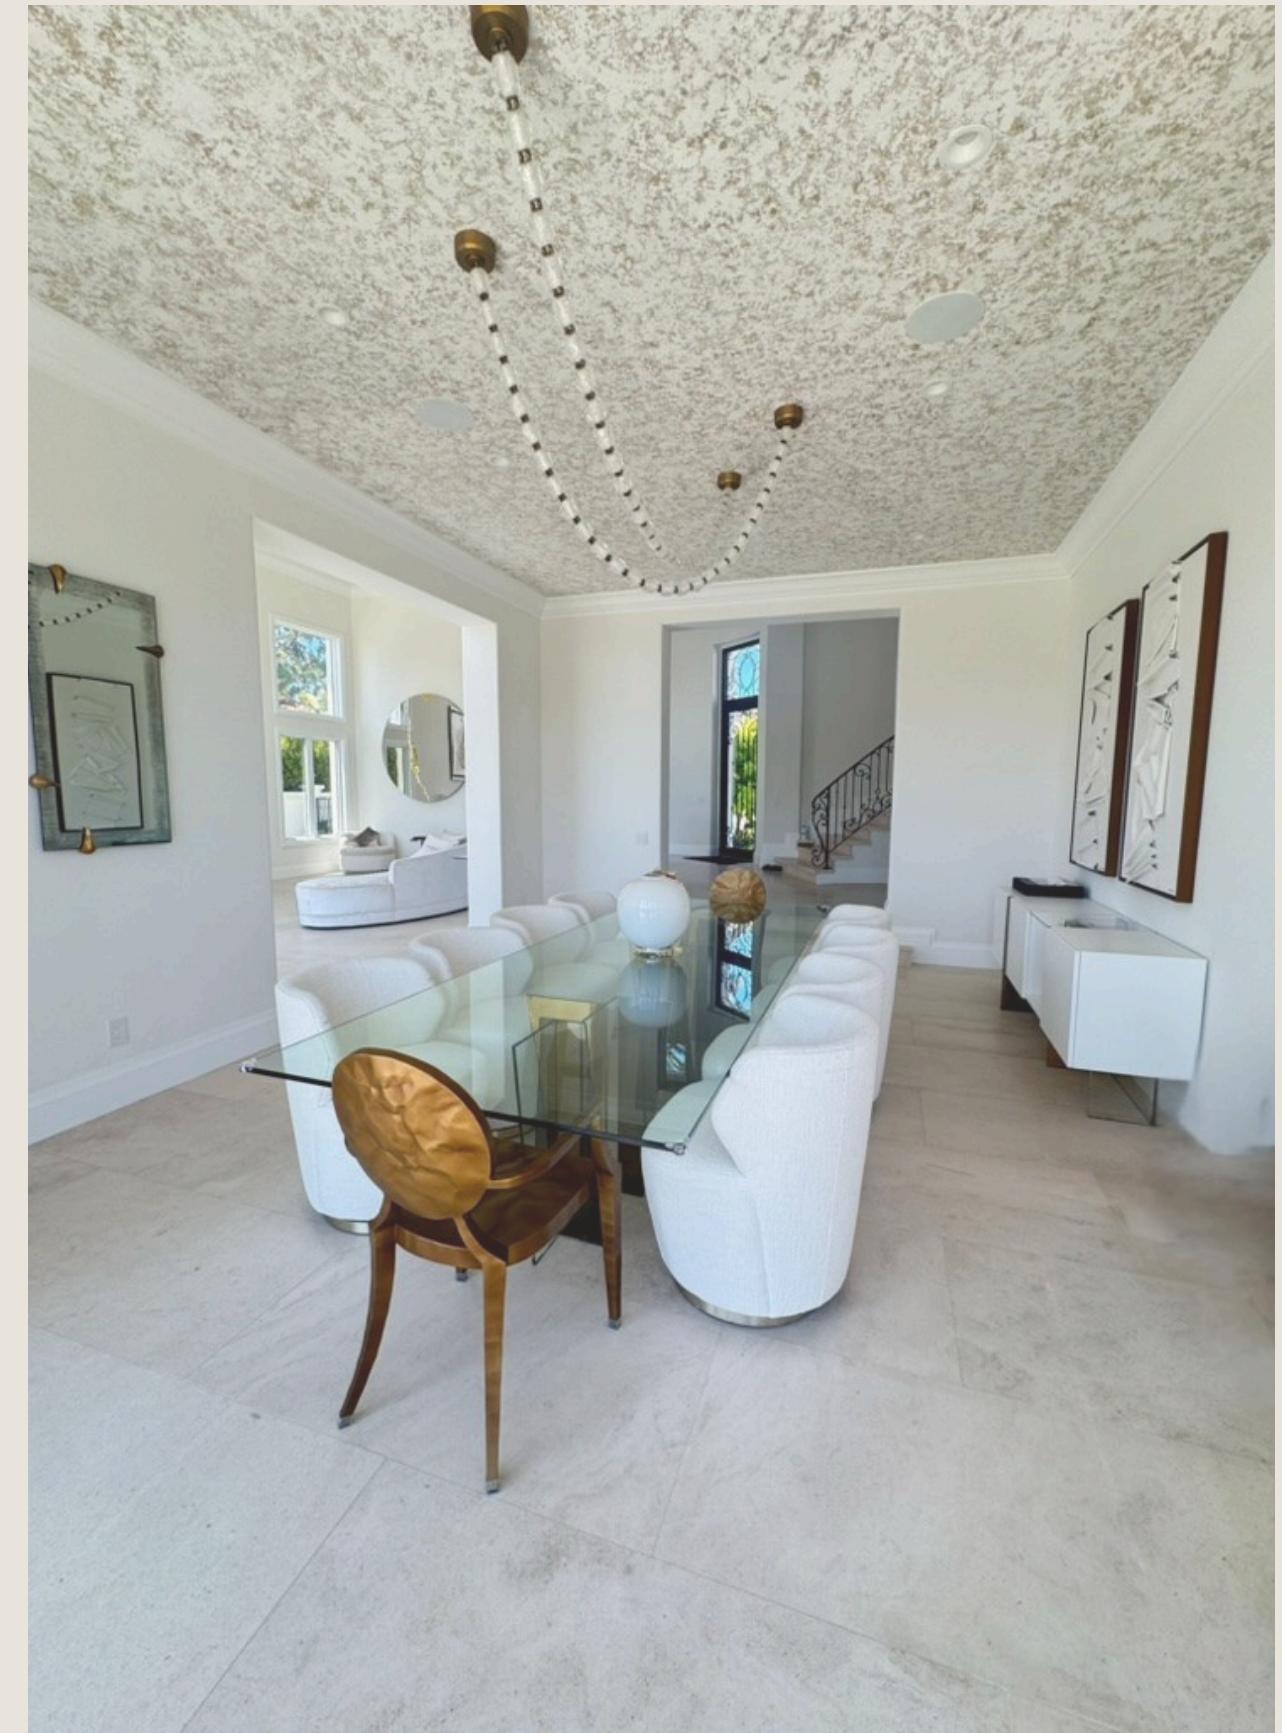

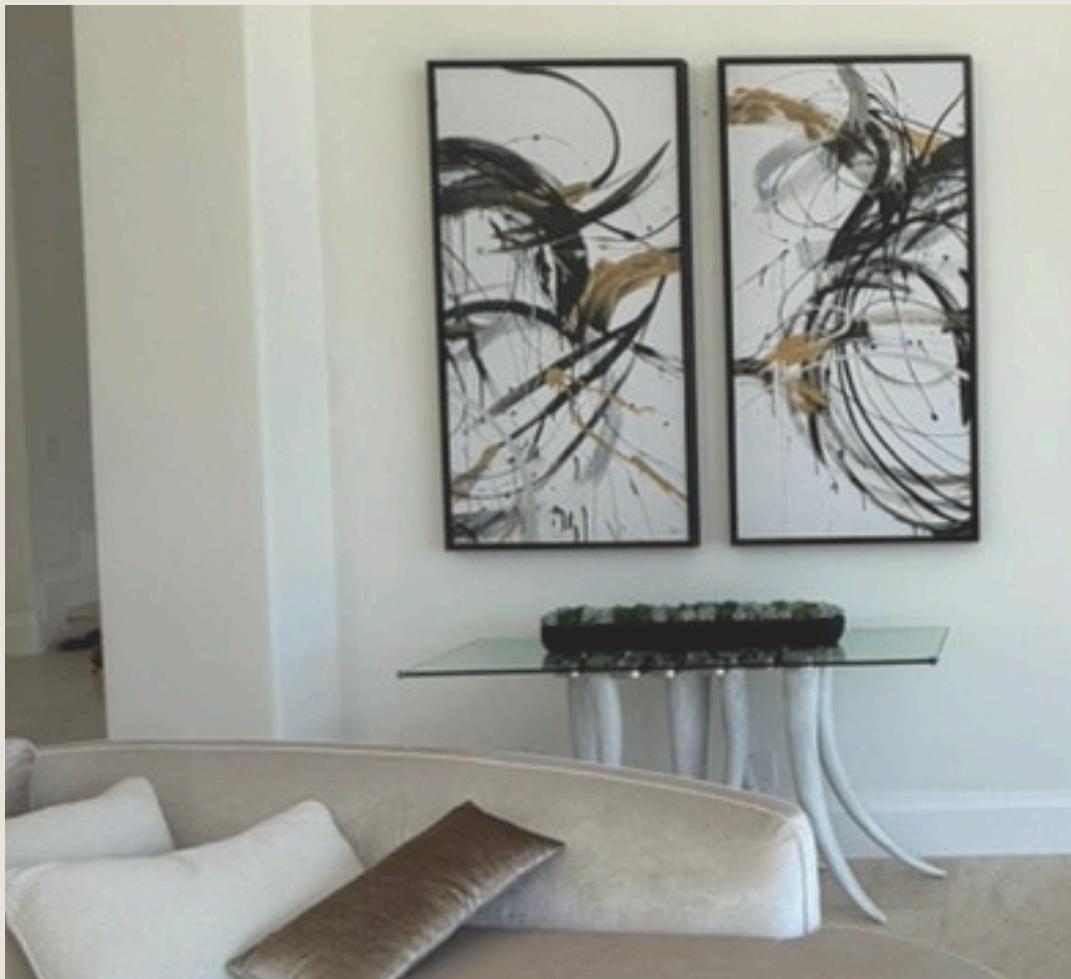

All selections

Proposals created by room, not by item

Business Model

Our business model is based on both a flat design fee and all purchasing and execution going through our firm.

Payment Structure

**50% of the design fee
kicks off the project**

**The remaining 50%
of the design fee is
due prior to the
Conceptual Design
Meeting**

**100% of all furnishing
orders (including freight
and tax) kicks off the
purchasing phase**

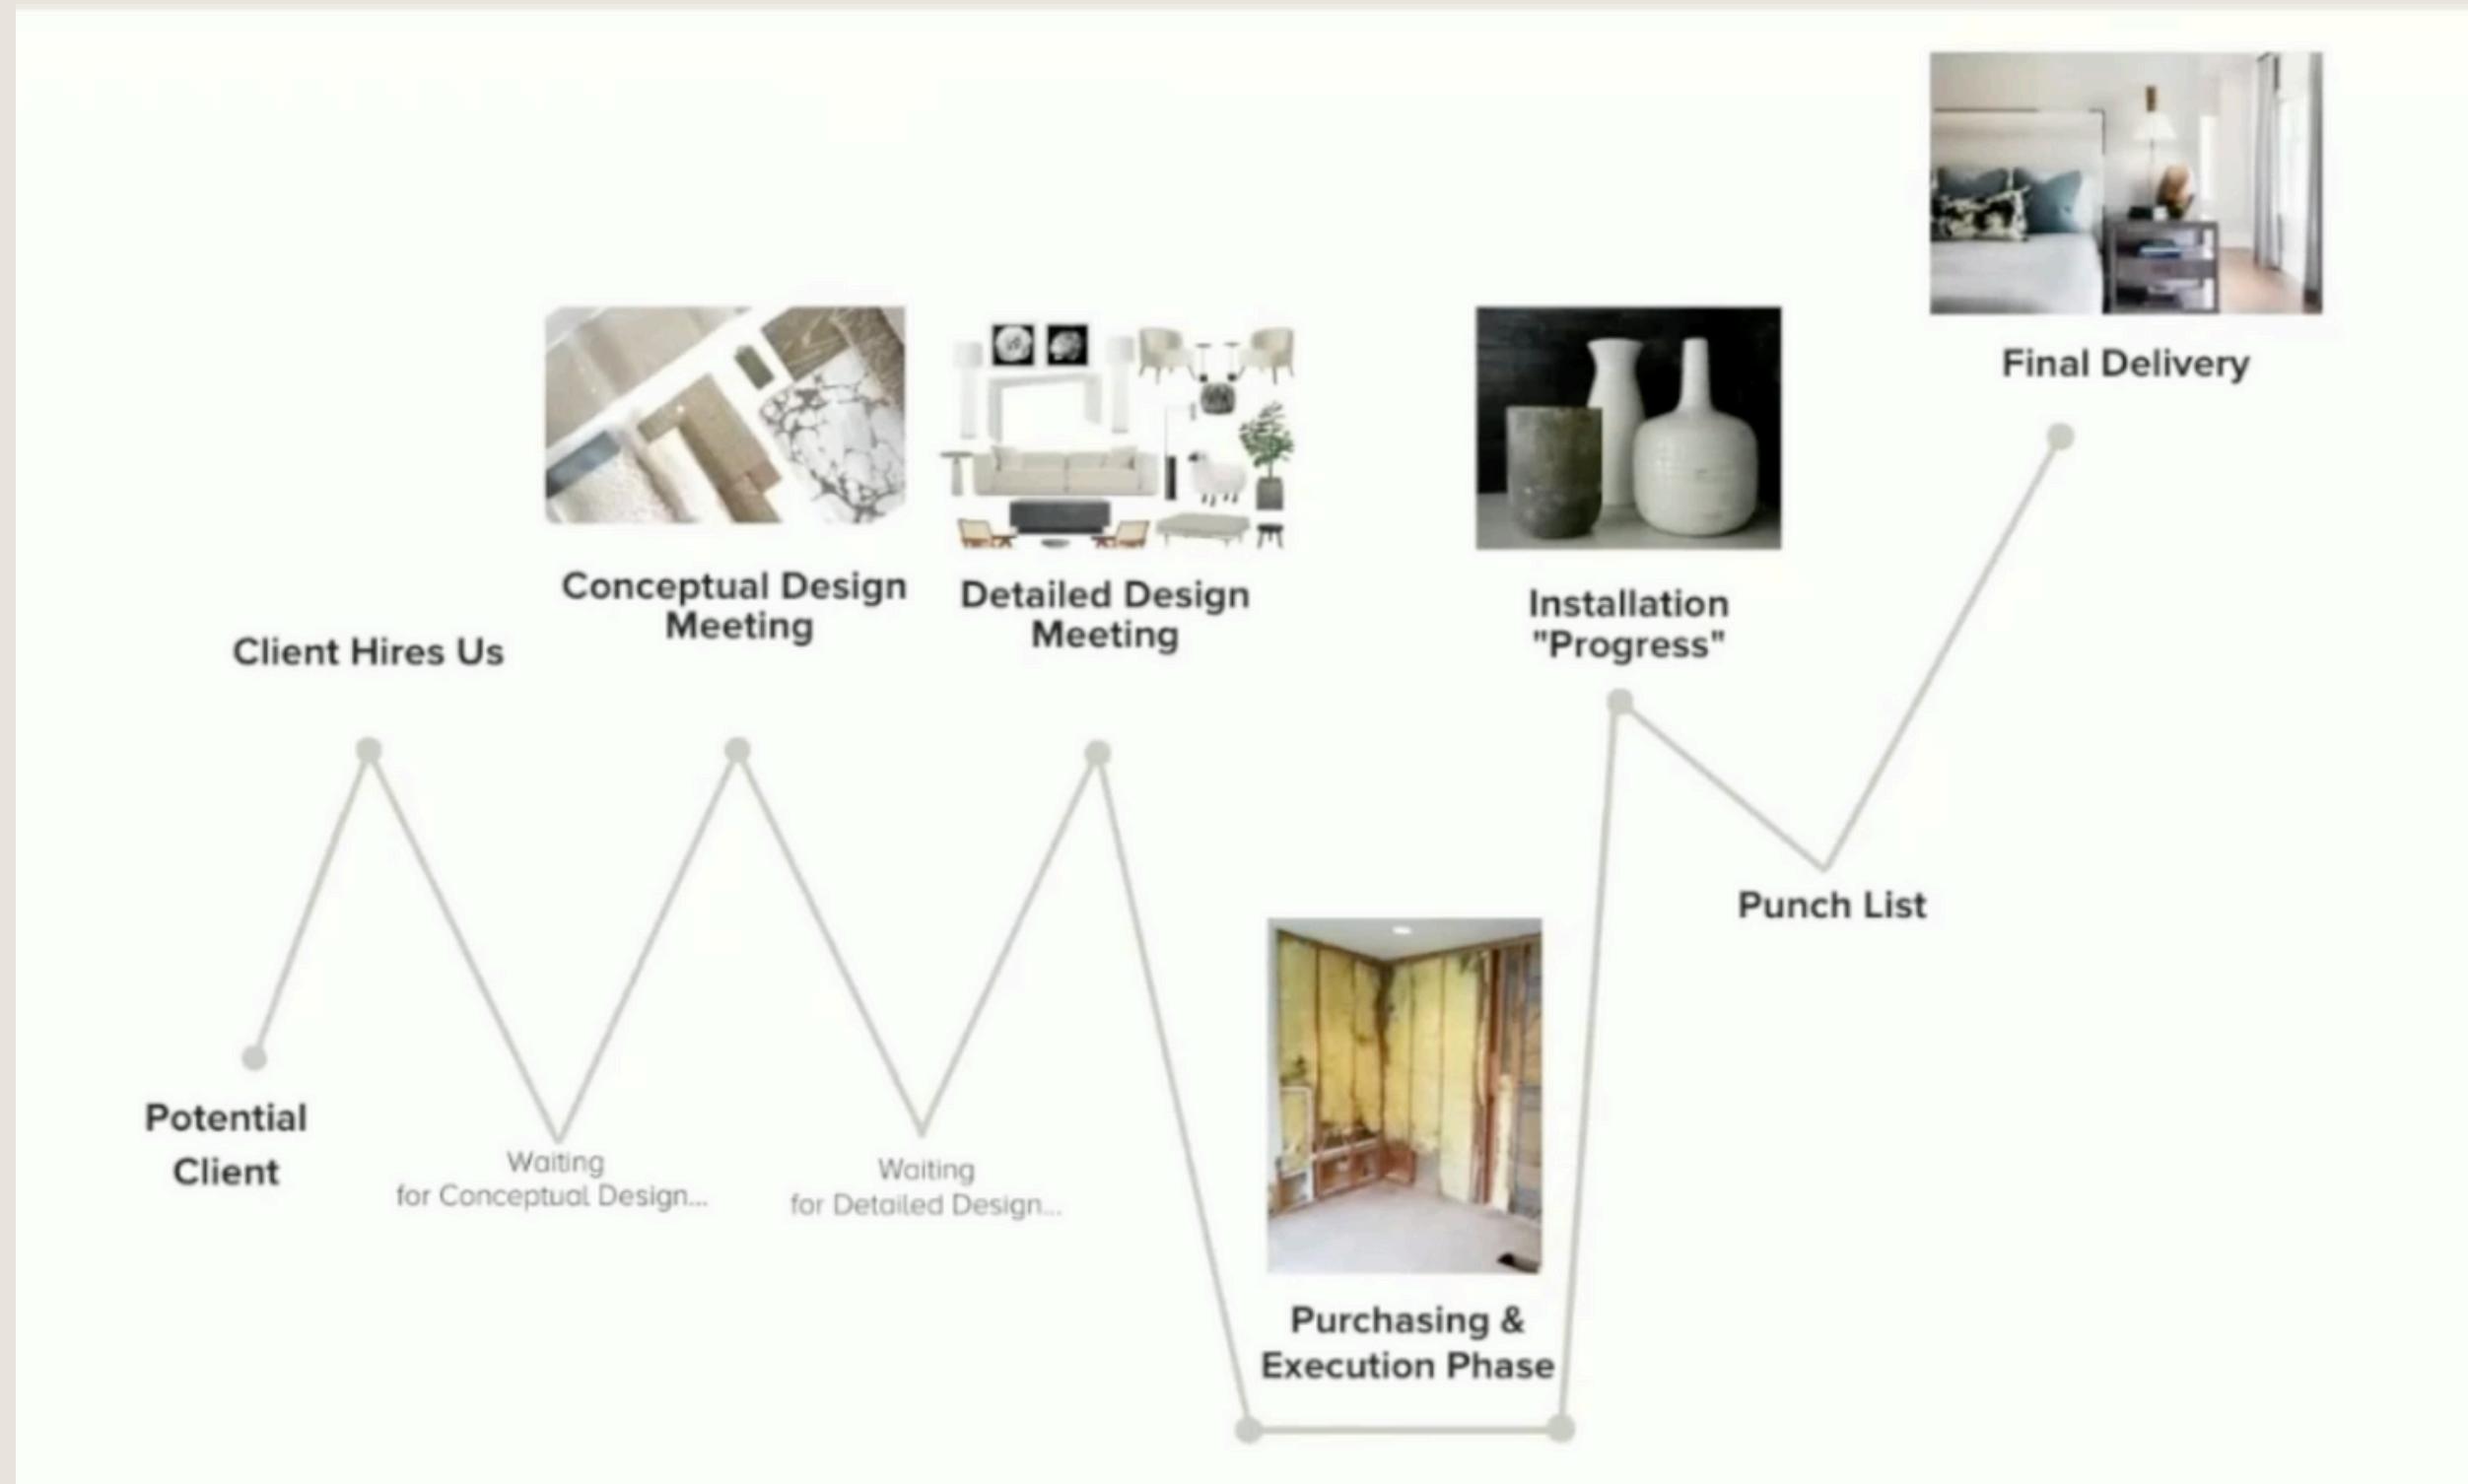

**Licensed contractors,
architects, etc.,
will be paid directly
by clients**

Timelines

In the event that a project has a significant delay, outside of our control, we will charge an additional design fee to re-start the project.

The Emotional Timeline Of a Design Project

*Transforming Spaces,
Enriching Lives*
